Speculation Over Hoover's Ap-
pointment as Labor Sec-
retary is Revived.

(International News Service)
MARION, O., Dec. 13.—Another
brief in the case to settle definitely
the international policy of the United
States was presented to Senator Hard-
ing today. Elihu Root brought to the
President-elect his conclusions as to
world conditions, gathered at first
hand from the dominating minds in
Europe. Unlike the argument made
yesterday by Herbert Hoover, Mr.
Root, while it is understood he also
advocated the present league with
certain sweeping changes, as a ground
work for American foreign relation-
ship, dealt almost entirely with the
legal, diplomatic angles of the situa-
tion.

Mr. Hoover, in his interview with
Senator Harding, it became known to-
day, brought to the latter accurate
conclusions as to the stand of labor in
the present industrial crisis and the
attitude of the employers. It is known
that the executive council of the
American Federation of Labor outlin-
ed to Mr. Hoover lately their deter-
mination to fight any reduction of la-
bor or extension of hours. The in-
imate relationship of Mr. Hoover with
both employers and employees has
caused increased speculation here as
to the possibility of his appointment
as secretary of labor in the Harding
cabinet.

Slight Damage
Done by Flames

Albany firemen today were receiv-
ing congratulations for their prompt
work in extinguishing flames which
threatened the home of T. A. Bowles
on Jackson street. The fire was stop-
ped with only slight damage by the
use of chemicals. The flames started
under a range, burning downward
through the kitchen floor.

STRONGEST NAVY
IMPERATIVE SAYS
NAVAL SECRETARY

(International News Service)
WASHINGTON, Dec. 13.—Secre-
tary of the Navy Daniels today an-
nounced his strenuous opposition to
proposals that the United States,
Great Britain and Japan enter into an
agreement to suspend naval construc-
tion for a period of five years.

The United States must have the
strongest navy in the world or go into
the League of Nations or something
similar," the Secretary said.

Secretary Daniels declared that the
proposals for an agreement for sus-
pension would "simply be getting
back to the old area of alliances which
brought on the world war." The pro-
posal is understood to have originated
with Great Britain and it is reported
here that suggestions will be made to
President-elect Harding that he take
the initiative in such an agreement.

Secretary Daniels will appear before
the House naval affairs committee to-
morrow and will urge that the naval
construction program of the United
States be pushed forward until this
nation enters the League of Nations
or some similar combination of the na-
tions of the world.

IMMIGRATION BILL
PASSED BY HOUSE
WITH AMENDMENTS

(International News Service)
WASHINGTON, Dec. 13.—The
House, by a vote of 293 to 41, passed
the Johnson immigration bill, suspend-
ing immigration to the United States.
The bill originally provided for a pe-
riod of suspension for two years, but
shortly before its passage the period
of suspension was limited to one year
by an amendment adopted by the
House.

The bill provides for the exclusion
of all aliens for a period of one year
with the exception of students, diplo-
matic officers, relatives of citizens of
the United States and for a period of
six months farm workers from Canada
and Mexico, needed for harvesting
purposes.

The bill becomes effective upon its
signature by the President. The bill
now goes to the Senate, where it is
expected there will be a considerable
fight waged against it.

SALVATION ARMY
WILL PUSH SALES

SEVERAL LOCAL SPEAKERS WILL
URGE SALES ON THE
STREETS

The local Salvation Army corps has
agreed to give two days' work this
week to pushing the sale of health
seals, Dr. B. F. Austin announced this
morning. A number of local speak-
ers, including Dr. Austin, will make
addresses at open air meetings of the
army. An intensive drive is planned
by the health seal salesmen during
the next two weeks.

At present there are only two sanita-
tiums in the state where such pa-
tients may be taken and cared for, but
others are planned to be opened with-
in a short time so that every patient
who should go to a sanitarium will be
able to do so. For instance, Mobile
county is planning a Fresh Air Camp,
to be opened within the next few
weeks.

Reports from various sections of the
state are to the effect that in those
places where the Christmas Seal and
Health Bond sale is in effect show
that the people are buying the seals
and Health Bonds in large numbers.
Those towns and cities where the sale
has not yet been put on will get it
going good within the next few days.

People everywhere are coming to
realize that the Christmas Seal sale
is in no sense a drive, and that in buy-
ing the seals and Health Bonds they
are giving away nothing, but are
merely investing in the cheapest and
best health insurance in the world.

JOINT SESSION IS
HELD SUNDAY BY
BIBLE CLASSES IN
DECATUR CHURCH

Lend a Hand and Brotherhood
Organizations Hold En-
thusiastic Meeting.

BENSON IS PRINCIPAL
SPEAKER OF THE DAY

Session of All Bible Classes of
Two Cities Planned for
Early Date

Two of the men's Bible classes of
Decatur, the Brotherhood class of the
First Baptist church and the Lend-a-
Hand class of the First Methodist
church, held a joint meeting Sunday
morning in the room of the latter
class.

According to leaders of these orga-
nizations, it is the purpose that other
similar meetings be held later, when
all the men's Bible classes of the Twin
Cities will be expected to attend.

The Lend-a-Hand class was host
yesterday morning, and after the reg-
ular business session the devotional
meeting was opened with a number of
hymns, with Otto Fisher as leader and
J. R. Daniell at the piano. Mr. Fisher
also sang an inspiring solo.

James H. Johnson, secretary of the
Lend-a-Hand class, first welcomed the
visitors, who had marched in a body
from the First Baptist church, and
was followed by T. L. Baker, presi-
dent, who told the members of the
Brotherhood class that many things
otherwise impossible could be accom-
plished by co-operation, and that one
thing the two classes could help bring
about was a better observance of the
Sabbath day.

By special invitation Rev. G. M.
Davenport, pastor of the First Meth-
odist church, spoke words of welcome.
The superintendent of the Decatur
public schools, Prof. W. W. Benson,
then made his appearance as the lec-
turer of the morning. The speaker's
words produced a profound impres-
sion on the minds of his hearers, who
numbered 40 men.

Prof. Benson is a South Alabamian
but for the past seven years has been
head of the mathematics department
of the Florence State Normal. The
speaker's knowledge of the laws of
thought gained in his advanced studies
in mathematics, were in evidence as
he proceeded with his address, which
was based on the international Sunday
school lesson for yesterday.

"I will assume," said the speaker,
"that you have all read the lesson,
which is generally a safe assumption;
but not one that is always absolutely
certain."

Value of Kingdom.
The speaker said the lesson was on
"The Supreme Value of Christ's King-
dom." He made special reference to
two parables in the lesson section, St.
Matt. XIII: 44-52; the one about the
"hidden treasure" found in a certain
field; the other about the "Pearl of
Great Price" for which a certain man
gave all that he had.

"The value of the kingdom is such
that we ought gladly to sacrifice ev-
erything for its attainment. Christ's
teachings were becoming well enough
known to have raised the opposition
of the religious leaders, and the super-
stition of the multitudes had to be
dealt with. He therefore gave such
pertinent illustrations as that of the
treasure and of the costly pearl, as all
minds could understand such illustra-
tions."

The speaker discussed the Kingdom
under three heads: Values, Supreme
Values, and Intense Pursuit of the
Kingdom purposes.

Historical characters were referred
to as making certain accomplishments
of supreme value. A man like Henry
Clay seemed to put personal popular-
ity first; men of the type of Rocke-
feller sought wealth; President Elliot
of Harvard made learning a pearl of
great price; President Roosevelt ex-
alted fame; military leaders worshiped
power; "social position appeals to a
great many"; physical strength was
sought first by the pugilist; pleasure
was made a god by some.

"Instead of taking pleasure as it
comes, some seek it directly, and it
seems to me such always lose it."

GENEVA, Dec. 13.—Roumania in-

Nations assembly meeting today pro-
viding for an international army, an
international police force and an in-

The report of the international court

which was dropped, was debated by
the assembly this morning.

LARGE STOCK
OF LIQUOR IN
JAIL CELLAR

The official "cellar" of Morgan
county, in the basement of the
county jail, is perhaps the best
stocked "cellar" in North Ala-
bama as a result of recent raids by
the sheriff's forces and revenue
men. The space reserved for the
storage of seized liquors, capat-
ed of holding approximately 1000
gallons, is filling up rapidly as
private stocks are added to the
amount on hand.

A Christmas breaking party is
being planned by officers and it
is expected a large quantity will
be destroyed just prior to the
Christmas holidays.

During the week-end officers
continued their activity and a raid
on a building in Austinville Sun-
day netted approximately 10 gal-
lons, it was stated. Participating
in the raid were Revenue Agent
Howell, Sheriff May, Deputy
Sheriffs Halbrook and Stewart.

Revenue Agent Howell also
captured a quantity of intoxicants
in two raids in Madison county
on Friday.

LONDON, Dec. 13.—Sinn Feiners attacked British military barracks in
Camlough today and a violent battle followed, according to a Central News
dispatch from Belfast. An unconfirmed report said that many had been
killed. Wires leading to the scene were cut and it was impossible to secure
details.

Reinforcements that were rushed from Newry were ambushed at a rail-

The town was raided by police.

FIRST NATIONAL IS
COUNTY DEPOSITORY
THE ENSUING YEAR

The First National Bank of Hart-
selle today was designated as county
depository for the ensuing year at a
regular meeting of the Board of Re-
venue. The Hartselle bank's bid for the
account was 6.76, the largest offered
by any of the county banking institu-
tions, all of whom were bidders. The
average balance will reach \$80,000
during the year, it was estimated.

A great deal of interest was taken
in the award of the county account. A
friendly agreement was entered into
by the bank's representatives at the
hearing this morning that the bank
designated should entertain the other
bankers and the board at lunch today,
so A. E. Jackson, representing the
First National, was genial host at
luncheon at the Lyons hotel.

It was rumored about the court-
house that the Bank of Hartselle may
share in the account, as was the cus-
tom this year. The following bids
were made by the banks: Central Na-
tional, Albany, 5%; First National,
Hartselle, 6.76%; City National, De-
catur, 6%; Tennessee Valley, Decatur,
5.3%; Farmers and Merchants, 6%;
Bank of Hartselle, 6%; Morgan
County National, Albany, 5%.

MARRIAGE OF THE CHURCH TO
CHRIST EVANGELIST'S SUBJECT

Text of Rev. Whirter is "Most Interesting Thing
in the World"

With Rev. J. H. Hill, the pastor, in
charge of the services at the First
Christian church Sunday, Rev. J. H.
McWhirter, of Newport, Ky., preach-
ed two interesting sermons, at that
church yesterday. Last night the
visiting minister took his text from
Matt. 25:1-13, and his subject was:
The most interesting thing in the
world." Said Rev. McWhirter:

"The most interesting verse is the
tenth. It has a wedding in it. Dur-
ing the absence of the unwise and
the pitiful virgin, the Lord Jesus
Christ came and they that were
ready went in with Him to a marriage
and they closed the door. I wonder
what happened behind that closed
door! They that were ready, who
were they? Those of us who live loyal
and faithful to Christ. They that
were ready were the accepted Bride
of Christ. It will be the pure church
without a spot or a blemish on it.
There was a separation of the wise
and the unwise. The pure metal minus
the dross of the church was accepted,
and that is all that will be accepted.

He will say to the wicked on His
left, to depart He never knew him.
(That is another way to say that they
never knew Him in this life). What

happened behind the closed door will
be learned elsewhere, and was that
the long expected union of the Christ,
the Bridegroom, and the pure church
in that eternal oneness; known as
marriage to Christ.
"Some have thought that when we
become converted to Christ that we
are then married to Christ in full.
This because we are then called
Christians, wearing His name as the
bride wears the name of her husband.
We do not wear the name of Christ
because we are married to Him, but
because we are followers of Him. We
can bear upon us the name of an-
other and yet not be married to them.
Church Only Exposed to Christ
"We follow the Christ, therefore
we are Christians. I mean to say that
the church in this world is only the
espoused bride of the Christ, not the
accepted and wedded bride. The
church to become accepted in the end
and wedded to the Christ and taken to
His home He has prepared for her,
must be pure and spotless. "That He
might present it to Himself a Glor-
ious church not having spot, or wrin-
kle, or any such thing; but that it

never knew Him in this life). What

END OF THE FARM BOOM

The land boom in Kansas, Iowa and other agricultural states is now bearing bitter fruit.

Farmers who bought land at two or three times its pre-war prices, on a basis of inflated commodity prices, are now facing payment for it on a basis of prices not much above normal.

They cannot do it.
Most of the land that has been bid up to \$400 to \$500 an acre never paid more than a fair return on \$200 an acre before the war, and cannot be expected to do much better than that hereafter, at least for the next few years.

The city speculators who hold a large proportion of the farms bought at fancy prices need not be given any great amount of sympathy.

They might have known better.
They were primarily responsible for the absurd inflation to which so much farm land was subjected, and which played havoc with farm values generally.

They took a chance, just as they might have done in the grain market, and got stung.

The farmer, professional or amateur, lured into buying at top prices, is a more pitiable figure.

In hundreds of cases he must love his farm, forfeiting what he has already paid, which represents the savings of years.

It is the old story of excitable people being carried off their feet in boom times, and fancying that the high prices and profits will last forever.

They never last.
The lesson, however, may do agriculture good.

Farmers swept off their feet by the speculative fever may now settle down to serious farming again.

They should come to Alabama, where land values are still low, and where opportunities are still plentiful.—Tuscaloosa News.

The very sensible advice from Editor Doty recalls the statement made here several months ago by Major Mathews, of the Southern Commercial Congress, who declared that thousands of western and northern farmers are perfectly willing to dispose of their high-priced farms there and come South, if proper accommodations are found for them here.

"Let's advertise and get those farmers," he declared. "They are industrious, successful men. They would be a distinct addition to our citizenship. But after we advertise and get them, let us, by all means, place them on the land adaptable to the crops they wish to grow. We will have only discontented citizens if we do not."

RUMELY ON TRIAL

The American public has tried so earnestly to forget the war, few were aware even that the trial of Dr. Edward A. Rumely, charged with violation of the Trading with the Enemy Act, was in progress in New York. It will be recalled that the charge against Dr. Rumely, purchaser of The New York Mail, created a nation-wide sensation when they were first aired. Now the Doctor is brought to the bar of justice without a ripple of public interest.

Frank Irish Calwallader has a very interesting account of the trial in the current issue of Editor and Publisher, a trade periodical. Alabamians will be interested to learn that Judge William I. Grubbs, of Alabama, is presiding at the hearing.

Mr. Calwallader reviews the testimony, at length, declaring the defense is resting principally on testimony that the Mail was bought with money supplied by an American citizen, Herman Sietcken, the coffee king, who was detained in

Germany because of the war.

Regarding the chance of convicting the defendant, Mr. Calwallader adds:

The courtroom is indeed marked by an air of bonhomie rather unusual in a proceeding of such serious possibilities, which is very likely due in large part to the general feeling that the government's chance of securing a conviction for any sort of war offenses at the present time is mighty slim, no matter how strong the evidence may be.

THE CHRISTMAS SPIRIT

The world may be getting more selfish each day. The pessimist would have us believe it is anyway, but the Shriners and Kiwanians have showed us that all of the old fashioned Christmas spirit has not been lost. They are preparing to do something this Yuletide for somebody else. That's the real Christmas spirit, isn't it?

The Shriners will give a dinner to the children of the Twin Cities, who otherwise might not get one. The Kiwanis will have a tree at which these children will get well filled stockings. Not only do these philanthropic plans reflect credit on the organizations and indicate happy Christmas seasons for all local kiddies, but they will exert their influence for good on every heart.

SAY IT TO MUSIC

The first bi-national anthem has made its appearance. It is called "The Sun and the Stars," and was written by a former member of the faculty of Keiogijuku university. The hope is that it will help cement friendship among Japanese and Americans who sing it. Set to the tune of "Columbia, the Gem of the Ocean," the chorus runs:

Hurrah for the sun and the stars!

Banzai for the stars and the sun!

Enshrined in all life it is written

The God of all nations is one.

If this bi-national harmonizer works, as we all hope it will, who will be the first to carry it a step further and produce a poly-national anthem, taking in a few of the other countries with which we could afford to be on friendly musical terms? We may yet be asked to sing something, like this, for example:

My country, 'tis of thee,

Sweet land of Wacht am Rhein,

Erin go bragh,

Long may Britannia rule,

Banzai, Hoch, Sante, Skol!

Allons, Czech, Turk and Pole.

A la patrie.

FORMER ARMY OFFICER SAYS HE WAS A SPY

The alleged confession of John Willers, formerly a captain in the United States army, reads like a tale of Munchausen, but it may not be as improbable as it seems.

When arrested for theft and desertion, Willers said he was sent to the United States from Germany as one of 300 trained spies who were to join the American army. Willers declares that he enlisted as a private at Albany, N. Y., and soon won promotion because of his education and military bearing. According to his story, he was ordered "to act the part of a loyal American" until he got to the war zone. He was not sent abroad. Asked what he was to do after reaching Europe, he coolly replied: "I could lead the company to slaughter."

Willers has criminal instincts and he may be indulging in a weakness of such characters to spin yarns for the edification of the police, but America was overrun with German spies before and during the war. It is not unlikely that some of them did get into the army and navy with such a desperate design as Willers claimed to have had to sacrifice their own lives for the sake of killing Americans.

During the war attention was called to the number of persons with German names who were employed by the government in responsible positions. The loyalty of most of these people was said to be unquestionable. But there were many others holding minor positions who could have done effective work as spies. The fact that they were of German blood may or may not have been just a coincidence. There is at least ground for suspecting that Willers was partly telling the truth when he said police officers who questioned him would be surprised if they knew "the number of officials at Washington during the war who were employed by Germany as spies."—Birmingham Age-Herald.

The supreme court's ruling that booze can be kept out of the house should trouble no one, for who wished to keep the nasty stuff in the home?

Political paths invariably lead to the pie counter.

Voice of People

Mr. W. R. Shelton,
Albany-Decatur Daily,
Albany, Ala.

Dear Mr. Shelton:

That live bunch, the Kiwanians, of Morgan county, as you probably know, have conducted a splendidly successful appeal for the Alabama Children's Aid Society.

We want to ask if you will not give space in your columns for a word of thanks from our society.

J. R. Daniell was chairman of this Morgan Kiwanis Club special and W. E. Roper was treasurer. Under the power of this inventive machine, baseball games, auction sales and many other powerful devices for securing money were used and the total amount of \$769.26 was piled up and turned into the treasury of the state-wide society. This fine amount of money has gone a long way toward helping this appealing work to save and rescue and make happy the hundreds of little children who have become our charges. We are surely grateful to each one who contributed in any way to the success of this unselfish endeavor there in Morgan county, and we hope that the good work which has been accomplished will justify the effort. I want to also thank the people of Hartselle for a fund of \$130.50.

With gratitude to you for all the publicity you have given us, I am,
Yours cordially,
J. R. PRICE, Treasurer.

Joint Session is Held on Sunday

(Continued from page 1)

"General Robert E. Lee was very close to the Kingdom when he said in a letter to his son: 'Duty is the sublimest word in the English language.' St. Paul was uttering one of the Kingdom truths when he said that to know Christ meant possession of the Kingdom."

Intense Pursuit Necessary

In setting forth the attitude and exertion necessary to the attainment of the Kingdom of God, the speaker drew illustrations from the eagerness, excitement and joy manifested by those who sought great and unexpected treasure. He said that the same determination and sacrifice must characterize successful seekers of the Pearl of Great Price, which was shown by the adventurers of 1849, who went in great wagon trains to the new gold fields of California, and who were willing to lay down their lives as did thousands in that great adventure.

"And what doth it profit a man if he gain all else and possess not the pearl of great price?"

"It seems to me," continued the speaker near the close of his discourse, "that two expressions from the Bible epitomize the conditions under which we may have citizenship in the Kingdom of God. The one is: 'What doth God require of thee but to do justly, love mercy and walk humbly with thy God?' The other is: 'Do unto others as you would that others do unto you.' The very names of your two Bible classes teach these truths, 'Brotherhood' and 'Lend a Hand'."

The session was closed by the secretary asking the entire company to rise and repeat the motto words of the Lend-a-Hand class: "Look up and not down; look out and not in; and lend a hand."

New Definition.

It was at the end of Elizabeth Ann's first month at school. She had come proudly home with her perfect attendance card and with the information that there had been five absent minded children this month. On being asked what she meant she replied: "Why, that five children forgot to come to school."

David Lamar and H. J. Martine Lose

(International News Service)
WASHINGTON, Dec. 13.—David Lamar, the "wolf of Wall street," and Henry J. Martine, of New York, today lost in the Supreme court of the United States their petition to have dismissed the cases pending against them for conspiring to violate the Sherman act in seeking to restrain shipments of munitions of war from this country to Great Britain, France, Italy and other countries at war with Germany. They have been convicted for the offense in the lower Federal court.

"For the South Atlantic and East Gulf states: Moderate temperatures, considerable cloudiness, and occasional rains are indicated for the week."

A young white boy was held by the Decatur police pending completion of an investigation of the robbery of the Sample Shoe Store, of which Mr. Lang is proprietor, Sunday afternoon. A discarded cap was one of the clues upon which the officers are working.

IS OVERJOYED BY PROMPT RESULTS

Anniston Man Had Almost Lost Faith in Medicine, But Says He Has Found a Good One; One That Actually Gets Results in a Hurry; Recommends Dreco.

"I had about lost faith in all medicines, and decided there were no more good ones, like in the days of my parents, when I began to read about this old-time root and herb medicine, Dreco," declared Mr. J. H. Wall, the well-known carpenter at the Anniston Cooperative Company.

"I tried everything that came along but found nothing to do me much good. I stayed bilious all the time, was nervous and restless; my kidneys gave me a lot of trouble, and my back was weak and ached all the time. I heard so much about Dreco that I tried it, and I can truthfully say it has done me a lot of good. My back is much stronger, kidneys are regulated. I don't have that bad taste in my mouth as formerly, and am not nervous as before. Really I'm overjoyed at the results Dreco has given me, and I'll take great pleasure in telling everyone about this great remedy. I expect to take several more bottles of Dreco myself to get sound and well."

Dreco is made from the juices of twelve different roots, herbs, barks and leaves, which act directly on the stomach, liver, kidneys, bladder and the blood, and tends to relieve constipation, headaches, rheumatism, catarrh biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles.

All druggists now sell Dreco and it is being especially introduced in Albany by Albany Drug Co.; in Decatur by Hilda Drug Co.—Adv.

Repair The Wear

Hard Work Often Breaks Down a Person's Health
and Creates a Need for Ziron Iron Tonic.

MEN and women who do hard labor, such as building, farming or housekeeping, and those who do exhaustive brain work of various kinds, often feel the need of something to help renew lagged forces and tone up the system.

To help repair the wear caused by over-work, to gain renewed strength and energy, many have obtained good results from taking Ziron Iron Tonic. Ziron is a perfected preparation of pure medicinal iron salts, combined with other valuable strength-giving

tonic ingredients, which are recommended by leading physicians. Mr. H. B. Converse, of McEwen, Tenn., writes: "I had been working very hard, and was getting weak and run-down from hard work. When I commenced taking Ziron, in a few days I felt stronger, and now I have taken two bottles I feel as strong as ever, although I have kept at work all the time."

You cannot lose anything by giving Ziron a trial, but very likely will gain much.

Your druggist will sell you the first bottle on a money-back guarantee.

CHRISTMAS DANCE

The growing social event of the Christmas holidays is the dance to be given at the Colonial Club on the evening of December 23. The committee in charge of the decorations, Jeff Eyster and Don Beauchamp, has decorated the hall to such an extent that it has never before been so pretty.

The decorations, together with electrical effects, will undoubtedly lend a charm and grace to the place that will be conducive to the terpsichorean artists. Invitations have been sent to all members of the social sets, not only of Albany and Decatur, but of the neighboring cities. Johnson's orchestra of Memphis, composed of eight pieces, will render the music. The dance will commence promptly at 9:30 'o'clock. Everybody is requested to be there on time so that they may be able to participate in the grand march. A large attendance is expected. The committee hopes this dance will be the best since "ye days of olde."

B. Y. P. U. ENTERTAINED

The Senior B. Y. P. U. of the First Baptist church of Albany was delightfully entertained at the home of Mrs. E. E. Speer Friday evening. The room was artistically decorated in green and red. Many interesting games were enjoyed, after which a delicious salad course was served, the colors being carried out in the serving.

Those present were: Nellie Simms, Mattie Spain, Pearl Widner, Minnie Suit, Nellie Dutton, Inez McCall, Earline Johnson, Gazelle Wallace, Mrs. Robert T. Pierce, Grace Stuckey, Lulu Mae Shrigley, Maude Shoemaker, Marie Portwood, Mary Stevens, Anna Thompson, Mary Feid, Lela Henry, Florence Meadows, Bill Stuckey, Arthur Hayes, Robert T. Pierce, Edward Uurwood, Truman Stuckey, Tommie Lee, Wolsey Field, Elton Johnson, Glen Holley, Prince Jones, Luster Penn, Fred Bowen, Effin Thomson, E. E. Speer.

Misses Hettie and Helen Aycock of Brenau College are expected home on Saturday, December 18, for the holidays. They will be accompanied as far as Cullman by Miss Florence Young.

After a visit with relatives and friends here, Mr. and Mrs. N. S. Zeigler are in Rockingham, N. C., where they will spend the winter.

Mrs. C. L. Saunders is confined to her home on account of illness.

Mrs. John Garrison, who has been ill for the past week, is reported somewhat improved.

Mrs. W. T. Lawler of Huntsville was the Sunday guest of Mr. and Mrs. W. S. Kendall.

MISS AMANDA BRIDE

The Flappers' Card club met Saturday afternoon with Miss Amanda Pride as hostess. The club members and Miss Pansy Russell enjoyed the game of bridge for a couple of hours. The Flappers will be entertained next Saturday by Miss Wallace.

"Co-operation" is the slogan of the School Improvement Leagues of Albany, Ala., that met at the auditorium of the central town school on Friday afternoon at 3 o'clock, when Mrs. Kimball Jones, principal of the Gordon school presiding in the absence of Supt. R. W. Cowart.

Close of Educational Week

Educational Week was fittingly closed here by this meeting when the teachers of Albany schools did individual work by presenting educational facts to the pupils, that they might carry them to their homes. Throughout the state of Alabama the week was generally observed and it has been brought to the attention of our people that in Alabama the average spent on each pupil approximates \$9, while in many states much more is spent per capita on each child—for instance in Montana the per capita is \$59. The government apportions at \$30 the child when property is properly valued. These facts were presented by Superintendent Cowart among other interesting statistics.

Rev. Sturdivant of the Central M. E. church made an address on "The Lack of Education." Miss John Bulard presented the needs of the Albany schools. Mrs. C. E. Malone presided at the business meeting of the Central Town Improvement League. At this time in a meeting that followed the ladies discussed the Fourth Ward needs and it was proposed to furnish hot unches at a minimum cost to pupils, which will not only mean much to the health and comfort of the children, but much convenience to parents.

Mrs. W. E. Steed continues very ill at her home in the Adams Flats.

Miss Roline Teasley is expected home Saturday from Sullens College in Bristol, Va., to spend the Christmas holidays with home folks.

The Morgan County Division of the Alabama League of Women Voters will hold a meeting Wednesday morning at 10 o'clock at Carnegie Library. A full attendance is urged.

Mrs. George D. Webb of Memphis is the guest of her sister, Mrs. T. A. Caddell.

SHRINERS GATHER FOR BIG FESTIVAL

DOWNPOUR OF RAIN CAUSES POSTPONEMENT OF SCHEDULED PARADE

(International News Service)
BIRMINGHAM, Dec. 13.—Despite the fact that a heavy downpour of rain caused the postponement of the monster parade, planned by the Shriners for this morning, hundreds of Nobles and prospective Nobles of Zamora temple, Birmingham, with its numerous branches throughout North Alabama, as well as representatives from temples throughout the South, made merry at the December ceremonial of the temple here today. The festivities of the day were scheduled to be the greatest in the history of Alabama Shrinedom.

On Wednesday evening the annual meeting of Zamora temple will be held at which the election of officers will be the principal business to be considered.

Marriage of the Church Subject

(Continued from page 1)

should be holy and without blemish," Eph. 5:25-27. Which church is it on earth without a spot or a blemish? Is it the First Christian here on Moulton Street? This church is only the espoused bride, believe me, it is, and from the life you live, it is no wiser. Some of us are going along in the procession with the church roll crowd carrying an old burnt out lamp all smoked black with the things of the world and stinking like a cigarette. After all can we claim such close kinship with the Lord as holy, clean, sacred, and marriage?

Scripture References
"I suppose it would be nice to give a 'thus saith the Lord,' to the effect that the New Testament church was only espoused, not married, to Christ. Well, read 2 Cor. 11:1-2, and there it is said of the early church that it was 'espoused to one husband, that I may present you as a chaste virgin to Christ. Here and in our text, the church is called a 'virgin' who is an unmarried woman. And that he 'may present' that church to Christ, not that he had already presented it to Christ. Then it must be 'chaste' and it would be more becoming to some who have a name on the church book to live better before claiming such close relations to the blessed Christ!"

In closing the following illustrative story was related:
"A young man was engaged to a girl and then went to the west to build a home, after which he was to return to her. He came up on the blind side one night and peeped into the old parlor window where he used to court and found her with her arms around the neck of another, and refused to go any further with her. When Christ comes and find some of us with our arms around the neck of old Nick, we will prove to be one person that is foolish, for that is not living up to the agreement we made with Christ. He has gone to make ready a place for us He says, and will come again for us. Watch, for ye know not the day nor the hour."

As in this last part of his sermon, so in the first part, Rev. McWhirter insisted on the distinction, that in this world, the church is only espoused to the Christ, not actually at one with Him, or married to Him, as will be the case at the final resurrection. The preacher, strongly upheld the sacredness of marriage, and took the scriptural ground that nothing save adulterous lives on the part of either husband or wife warranted divorces.

Rev. McWhirter was a religious speaker and lecturer for this country among our soldiers in France, where he remained until the armistice was signed, when he was sent into Germany and stationed at Coblenz. He is expected to preach a number of sermons during this week at the First Christian church. Rev. McWhirter is making his home with E. E. Clem, 414 E. Church St., Decatur.

Clothing Workers Out on a Strike

NEW YORK, Dec. 13.—Union leaders of New York clothing workers threatened today to paralyze the clothing industry by nightfall, unless there was a back-down by employers who have declared for reduced wages and an open shop. Solidifying their lines, pickets representing 65,000 workers were stationed about 20 factories while 14 mass meetings of clothing workers were held throughout Greater New York.

COTTON MARKET SHOWS WEAKNESS

BOTH LIVERPOOL AND SOUTH ARE SELLERS AFTER THE START

(International News Service)
NEW YORK, Dec. 13.—Weakness prevailed on the cotton market at the opening today. Both Liverpool and the South sold and after the start New Orleans sent heavier selling orders here, which increased the decline considerably. Spots and a little buying by the trade furnished about the only demand, and sentiment also was bearish, in view of weakness in securities and unfavorable outside conditions.

Opening prices were 10 to 27 points lower, followed by a rally of about 15 points on buying, led by spot houses.

presence will add fuel to the flame of Irish hatred throughout South Ireland. Many persons in Cork, expressed the opinion that the black and tan deliberately set fire to the business district. According to one report, the government had decided to disband the auxiliary police (black and tan) and the policemen believed they would soon be demobilized. Some of the black and tan were said to have been so open with arson threats that merchants recently increased their fire insurance.

TWO KILLED
DUBLIN, Dec. 13.—One person was killed and two others were wounded when a military patrol that was enforcing martial law was ambushed and bombed from two houses in Cloyne, County Cork, today. The troops fired upon the houses, killing one of the attacking party and wounding two. Two prisoners were taken. The houses were burned.

A constable was killed and three others were wounded in an ambush at Llanek near Llanek in County Longford.

300 HOUSES BURNED

LONDON, Dec. 13.—It is estimated 300 houses were burned in the Cork conflagration, said a Dublin dispatch to The Evening Standard this afternoon.

Umbrellas were used by women in England from the 17th century.

To The Patriotic Citizen, Man or Woman

There are more simple and humble exhibitions of patriotism than bearing a gun or marching away to war. "They also serve who only stand and wait."

Often the very finest type of patriotism, loyalty, serviceableness (or whatever name you like best for it) by doing your part in helping to foster and strengthen the community in which you live.

In no way can this be done more directly or better than by

Patronizing Your Home Enterprises

The local stores and manufactories are home institutions of the most practical and important kind. They are town builders, population increasers, business boomers. They are constructive citizens.

They help every other citizen's property to enhance and develop. They are substantial servants of the public good.

When you, as a local citizen, patronize them, you are making definite contribution to the welfare of yourself and of Albany and Decatur.

Isn't it a small thing to ask that you help yourself by helping to build up the city in which you live?

The man who is a

Believer In Home Prosperity

will see to it that his money stays in the locality which affords him a living.

It's just a fine, sensible way of being patriotic, and showing it.

Red-blooded Men and Women Know
What They Want to Do
and Do It

It may be you are just recovering from a sick spell—or may be your system is run down and your blood so weak that you are in a poor shape to resist infection—

But if you don't feel and look robust you are not robust. Such state is often due to weak blood, not enough red blood cells, a condition known as anemia.

The best remedy for anemia (bloodlessness) with its low mental and physical vigor, is Gude's Pepto-Mangan.

Pepto-Mangan supplies the weak, watery blood with the very elements it needs to put new life into it. It repairs, re-creates, and re-builds the exhausted blood, the vital fluid of health and life. Try Pepto-Mangan if you are "run down." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all druggists.—Adv.

machines away, and your opportunity to earn one is fully as good as any other person's, is it not?

Bountiful reward is in store for those who display grit, energy and determination to win. Two automobiles are awaiting the ambitious ones. Think of earning and owning a magnificent \$2025 Buick touring car or \$895 Ford sedan for just a little of your time and energy.

Every man and woman in this vicinity has an equal opportunity to earn the big prizes. It is a "work-and-win" campaign, and the one big opportunity of your lifetime to own a splendid new automobile, which you may secure without expense. Get in touch with the Contest Department at once and ask as many questions as you please. If there is anything for you to lose by entering the campaign, don't do so—but think it over seriously, for it may be the last opportunity for you to own such a car as we have here for you.

Now is the time to enter and get a "ground floor" start. Ambition, energy and effort, mingled with plenty of "pep" and a grim determination to win, will be strong factors in this race. Those who start early will of course have an advantage. But the opportunities now are equal. The only thing between you and an automobile is the Nomination Coupon which will be found on another page. Flunt up that coupon right away—and send it in. As a matter of fact, getting votes in this contest is going to be great fun for those who try. And for those who expect the best efforts, handsome, glistening motor cars are available as rewards.
